MESSAGE FROM ON-ICE COACHES

The Victus Ice Staff are excited to get started with all the new and returning student athletes. After completing of first full week of sessions it is evident that all the students are also enthused and have demonstrated an initial willingness to participate, improve and overcome the new challenges ahead.

Both Skaters and Goaltenders are reminded of the following:

1. Be on time, for the start of your ice session also to your next athletic or academic class afterwards.
2. Check your equipment each morning prior to leaving home.
3. Remember your neck guard, and water bottles daily.
4. Always respect all classmates, student helpers and coaches in dressing room areas and on ice. That includes being prepared prior, inside a drill as a passer, or allowing goaltenders their time to focus on their next shot.

Overall as a staff we couldn't be happier with first sessions and getting to know all the new students. Be on the look out for more communications from ice staff next week.
