Ice Highlights

Message From Principal Schnarr

Victus Families!

Student Midterm Reports were sent home on Monday, November 24th, and we're already seeing our student-athletes use that feedback to stay focused and work toward their goals in class, training, and on the ice.

With winter now here, we're reminding students to dress warmly, rest well, and take care of their health to stay at their best.

Our Varsity Falcon Girls team travelled to Guelph and Windsor this week for presentations, practices, and a game—great to see the program growing and our female athletes showing such pride and excitement.

Friday's Civvies Day brought in generous food donations for the local Food Bank—thank you!

We're looking forward to fun activities throughout December.

Warm regards,
Principal Schnarr
